Dear Harold,

Sorry it has taken me so long to get around to expressing my thanks for all your (and Lil's) hospitality on my last visit. It went so fast! I think that was the first time I was there that I had such a specific task at hand, and I believe I was never so preoccupied with work there. I'm a little sorry about that, becasue I missed some of the little things which I so enjoy down there. I never even got down to the pond this time!

I hope things are going well with PM. Several new memos are enclosed, which I hope will be helpful. I've also commented on the inserts you sent me.

Will be moving to school this coming Monday. From now on, please sent all mail to this address:

I'll have address labels for you within a couple weeks.

I'm amazingly busy clearing up things at home in preparation for the big move. Hope Lil liked the picture I sent. Again, many thanks for another enjoyable stay in the country. With warm ~~XXXXXX~~ regards,

Howard
